

CAPABILITY STATEMENT

Jixra Systems Inc. is a small defense contracting company specializing in procurement, supply, project management, and contract management support for federal government customers and prime contractors.

Jixra Systems supports defense-related requirements by identifying and coordinating with qualified U.S. manufacturers and suppliers, managing procurement activities, and supporting the delivery of products needed to meet mission and contract requirements.

Our primary areas of focus include the ammunition, small arms, and ordnance industries under NAICS codes 332992, 332993, and 332994.

As a defense prime contractor, Jixra Systems works to connect government requirements with capable manufacturing and supply partners while maintaining effective communication, contract oversight, schedule coordination, and procurement management throughout the contract lifecycle.

CORE CAPABILITIES

Project Management

Planning, coordinating, and overseeing contract activities from initiation through completion. Jixra Systems manages schedules, milestones, resources, deliverables, and communication to help ensure contract requirements are completed on time and in accordance with customer expectations.

Procurement & Supply

Identifying qualified manufacturers and suppliers, coordinating sourcing activities, managing supplier relationships, and supporting transportation and delivery requirements. Jixra Systems focuses on reliable, cost-effective procurement while maintaining visibility throughout the supply process.

Contract Management

Managing government and commercial contract requirements from award through closeout. Jixra Systems tracks contractual obligations, amendments, correspondence, milestones, deliverables, documentation, and regulatory requirements to support organized and compliant contract performance.

NAICS CODES

- 332992 - Small Arms Ammunition Manufacturing
- 332993 - Ammunition (Except Small Arms) Manufacturing
- 332994 - Small Arms, Ordnance, and Ordnance Accessories Manufacturing
